

# TERRI YUREK INSURANCE

April 12, 2017

Maggie Campbell has shown in several ways that she has the ability, desire and leadership skills to be the kind of person we need to lead District 78.

As a businesswoman, she has successfully owned and operated a successful real estate agency where she and her staff helped real residents make honest transactions. Along with her understanding and advocacy for the needs of local small business owners, Maggie has a background of unsurpassed ethics, faith and well-being for all that is portrayed by her extensive biography.

Her conservative values are driven by her real life experiences that includes US Navy Veteran, Ordained Pastor, a long term commitment to volunteer & community services and the accomplishments of motherhood.

I am endorsing Maggie Campbell because I see how dedicated she is to bringing her merit and principles to this profession. She has proven to be the best choice candidate for State Assembly District 78.
